Dear Mrs. Bensing,

We are writing to confirm our recent phone conversation concerning the IWI Inc. site, Summit, Illinois. As we told you, Mid-America Steel Corp. has never had any waste transactions with IWI Inc.

We are a steel processor and service center. We perform no chemical processes on our material. Our steel is purchased in coil form from major U.S. mills. We then slit it to narrower widths or level (flatten) it and cut it into sheets.

Our sole experience with IWI is that we sold them a few loads of steel in 1998 and 1999. We had no other transactions with IWI Inc.

Yours truly,

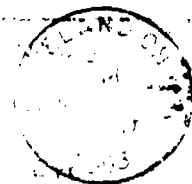

A handwritten signature in cursive script, appearing to read 'Richard Sawczak'.
